1. PURPOSE AND BACKGROUND OF THE QUARTERLY BUDGET & PERFORMANCE ASSESSMENT - 2023/2024 FINANCIAL YEAR

The purpose of this quarterly budget & performance assessment report is to assess the Municipality's financial performance against the budget and service delivery targets set up for the period 1 July 2024 to 30 September 2024 of the 2024/2025 financial year.

The following guidelines and regulations necessitates that specific financial information be reported on in the format prescribed, hence this report to meet legislative compliance.

- 1.1 The Municipal Finance Management Act 56 of 2003, sec 52(d) requires the Mayor of a municipality to submit a report to council on the implementation of the budget and the financial state of the municipality as follows:**

- 1.2 The Local Government: Finance Management Act 56 of 2003: Municipal budget and reporting regulations, section 31(1) of the Government Gazette No 32141 of 17 April 2009 prescribes the following:**

PART 1 – IN-YEAR REPORT

2. MAYOR'S REPORT

2.1. Overview of the Budget vs Actuals for the First Quarter

Operational Budget

Council must please note that the tables reflecting the figures are extracted directly from the Samras web-portal and because of incorrect segmentations and parameter set-ups the cash flow and financial position will be incorrect. However National Treasury does not allow any manual changes to these reports. The figures reflected are not final as year end balancing and clearing of suspense accounts are still being done by the finance staff. More accurate figures will be reported in the AFS at 31 August 2025 for 30 June 2025.

The total current accumulated revenue for the quarter that ended on 30 September 2024, was R107m at 100% which is in line with the budget, this is based on revenue billed an not revenue actually received from debtors.

Property Rates is 26m which is inline with the budget, but the possibility still exist that adjustments may be needed for the Game Farms rates levied, or if mistakes were made by the Valuer with their valuations. This is also still at the lawyers for possible corrections to be made.

The electricity sales currently shows only R34m against a budget of R44m. The actuals at the end of September 2024 at 76% which is 24% less than what was bugeted to be realised by the end of the First Quarter.

The total operating expenditure is R33m and at 35% against the budget at the end of September 2024. The Finance charges will be only accounted for later as we still await re-valuation of the landfill site and the post retirement medical aid liability. This will only be done at the end of the current financial year.

The Capital Budget

The total capital expenditure at the end of Quarter 1 showed an amount of R3.9m against the total budget of R51million which is only 8%.The Capital budget is 94% grant funded. A rollover for disaster funds amounting to R30m has been applied for. Unspent grants registers are 90% reconciled.

2.2. Financial problems or risks facing the municipality

1. ESKOM – The Municipality budgeted for Electricity Revenue of R44m and levied R34m which is R10m less than what was budgeted which places financial pressure on the Municipality to meet its obligations. Eskom account is arrears with R121 536 695.80, current account R14 n220 679.13, totalling R135 757 374.90.
2. SAMWU PROVIDENT FUND – The Judge President of the SCA recently rejected the petition of the Municipality. The judgement of 2019 stands and the Municipality should now pay accordingly. The claim is in the region of R30m, capital plus interest since 2007. The Municipality paid the R3.8m capital to the lawyer representing the Fund. It be noted that R3.8million was paid for the capital of the claim of the fund and R8.4million was paid on 3 May 2024 in terms of interest. This was done using cash resources available at the time.

The finance department has 3 vacancies funded and advertised Accountant: Annual Financial Statements, Accountant: Asset, Fleet & Liabilities and Principle Debtors Clerk. The Principle Debtors clerk vacancy advertised will assist with the accurate meter readings and payment of accounts for cash generation. The revenue section also need adequate reliable transport for meterreadings in the rural farming communities.

In light of the above at the end of Quarter 1 the Municipality is in dire financial strain and needs to implement rigid cost containment measures to stay afloat.

Table C2: Monthly Budget Statement - Financial Performance (standard classification)

This table reflects the operating budget (financial performance) in the standard classifications which are the Government Finance Statistics Functions and Sub-functions. These are used by National Treasury to assist with the compilation of national and international accounts for comparison purposes, regardless of the unique organisational structures used by the different institutions.

The main functions are Governance and administration; Community and public safety; Economic and environmental services; and Trading services.

It is for this reason that Financial Performance is reported in standard classification, Table C2, and by municipal vote, Table C3.

4.5. Evaluation of Conditional Grant Expenditure

The municipality is the recipient of various conditional grants that are allocated in the Division of Revenue Act (DoRA) with the relevant amounts and conditions attached.

4.6. Summary of any financial problems or risks facing the municipality

The Municipalities liquidity ration calculated as follows:

Current Assets	:	Current Liabilities
224 755	:	226 614
1.0	:	1

Legal matters seriously risking the financial sustainability of the Municipality

Currently two matters are currently being dealt with by management, namely Provision for Contributions towards SAMWU Provident Fund and Farmers not wanting to pay Property rates in terms of the new property rates policy, valuation roll and rates approved by Council.

1) SAMWU Provident Fund

According to SAMWU provident fund, since 31 Jul 2007 until 30 Jun 2013, the municipality incorrectly calculated the contributions towards the SAMWU Provident Fund of 146 employees.

This resulted in the following short payments to the fund for the above-mentioned period:

Description	Amount
Employer Contribution	R 2,686,022.57
Employee Contribution	R 1,118,246.51

Since July 2013 the correct amounts were calculated and paid over the fund. Various decisions were held to refund the fund, but due to financial and budget shortfalls, these amounts could not be refunded.

The Judge President of the SCA recently rejected the petition of the Municipality. The judgement of 2019 stands and the Municipality shoud now pay accordingly. The claim is in the region of R30m, capital plus interest since 2007.

The Municipality paid the R3.8m capital to the lawyer representing the Fund. It be noted that R3.8million was paid for the capital of the claim of the fund and R8.4million was paid on 3 May 2024 in terms of interest. This was done using cash resources available at the time.

The Municipality continues to persue the induplum rule with regard to the remaining interest.

2) GAME FARMS – PROPERTY VALUATIONS AND RATES POLICY

This legal case of which Council is fully aware should come to a closure in the next financial year which will have a huge financial impact on the property rates revenue.

4.7 Municipal Cost containment measures

National Treasury circular 97 of July 2019 requires Municipalities to report in the Annual report and the quarterly report on cost containment measures implemented during the year. The Municipal Cost containment Regulations (MCCR) were also published on 7 June 2019.
