PART 1 – IN-YEAR REPORT

2. MAYOR'S REPORT

2.1. Implementation of Budget during the second quarter of the financial year

At the end of the second quarter for 2024/2025 financial year, the actual operational revenue was at R184m or 58% against the budget of R346 m (Excluding the capital grants which was at R8.4m or 16% of the R51m budget) The total expenditure of R16m on the disaster grant is not included.

The operational expenditure at the end of the same period was R80m or 21% against the annual estimated budget of R375m.

The capital expenditure at the end of the second quarter 2024/2025 is at R8.4 or 16% against the capital budget of R51m. This excludes the expenditure incurred on the MDRG at the end of the second quarter which is R16m.

Financial problems or risks facing the municipality

As mentioned in previous reports the continuous ongoing challenges for the municipality, but not limited to, are the continuous increasing outstanding debtors, ageing infrastructure, non-cash-backed provisions and reserves. The Municipality also needs to ensure that the adjusted budget for 2024/2025 and the 2025/2026 MTREF will result in a much more positive cash flow. This is to ensure that there will be funds available for the possible arrear contributions to SAMWU provident fund of around R30m which includes interest. Although the municipality is doing fairly well at curbing costs with operational expenditure at 21%. It should be noted that some major creditors are in arrears such as Eskom. The eskom outstanding balance is R152m.

Vouluntary Intervention for Provincial Treasury

BCRM's management held a workshop on 5 to 6 November 2024, at the Gqeberha offices of Provincial Treasury. During this workshop, various financial problems were list and discussed. Actions were formulated to address these financial problems. Time frames were agreed upon and the buy in of municipal officials was requested.

The outcome of these celebrations was that the municipality would request a vouluntary intervention for Provincial Treasury. The end goal is to present a draft voluntary financial recovery plan to Council on Friday, 24 January 2025 for implementation.

2.1.1 Revenue

Refer to Table C4 – Financial Performance

It must be noted that the revenue for the consumer's services and rates is the accrued revenue as raised through the billing accounts and not what is actually received. Below is a table that shows the budget, actual billings and receipts

	Budget	Billings	Receipts
Electricity	R177 050 422	R69 596 100	R26 933 080
Water	R17 952 820	R9 105 133	R1 237 940
Refuse Removal	R8 927 342	R4 056 616	R2 213 260
Sewerage and Sanitation	R14 750 586	R6 508 991	R1 930 155
Property Rates	R28 326 373	R27 551 760	R2 653 429

2.1.2 Operating Expenditure

Refer to Table C4 – Financial Performance

Operational expenditure is R80m or 21% against the annual budget of R346m. The outstanding debt on Eskom at the end of Decemebr 2024 is R152m. The municipality applied for a 18% increase but only 11% was approved by NERSA.

Employee Related Costs are at 49% but will increase in the next few months as new appointment will be made.

Finance charges is at 0% as the interest charges for post retirement medical aid provision as well as the landfill site rehabilitation cost will only be accounted for at year end, but these transactions does not have a cash outflow.

2.1.3. Capital Expenditure

Refer to Table C5 – Capital Expenditure

The total capital expenditure as at 31 December 2024 was R8.4m which is 16% of the total adjusted budget of R51m. This excludes the expenditure incurred on the MDRG which amounts to 16m. Spending should therefore be closely monitored in the next 6 months to ensure that there are no roll overs for 2024/2025.

2.1.4 Cash Flow

Refer to Supporting Table SC9

The total cash available for this municipality at 31 December 2024 was an amount of R72m (Operating account = R57 034 221,13 Call account = R15 050 949.27).

4. EXECUTIVE SUMMARY

The expenditure contained in this report has been implemented in line with the approved 2024/2025 Revised Budget and Service Delivery Budget Implementation Plan (SDBIP). The Operating budget is being spent in-line with cash flow projections at a macro level and improved budgeting mechanisms are been introduced to ensure better accountability. The major components of the Municipality's financial performance, as reflected in Table C4 to C7, will be discussed in this section.

4.1 Overview of Operating Revenue and Expenditure performance for the period October to December 2024 (Table C4)

The Table below is reflecting an analysis of the operating Revenue and Expenditure performance compared to the approved operating 2024/2025 Adjusted Budget

4.1.1 Below is a discussion of the significant revenue and expenditure variations:

The municipality total income was an amount of R157 million at 31 December 2024. This is 50% of the budget and it is on track , the income from Electricity sales is at risk as the tarrif used does not cover the costs of electricity.

Revenue from property rates is at risk as the council decided to let the Game Farmers property rates be levied using the agriculture tarrif. An adjustment on property rates should be done.

As mentioned under the Mayor's Report the total expenditure for the six month is R80m which is 21% of the total budget. The main reason for this lower than budgeted expenditure is the Electricity Bulk Purchases not paid. Interest on landfill site provision and the interest on post retirement that falls under the finance costs and will only be calculated and accounted for at year end.

The salary budget is 49% and therefore care should be taken with the appointment of new staff so that the Municipality do not exceed the budget and address the cash flow as outlined in the Mayor's report.

The Municipality is not in a financial position to pay its current eskom account since April 2023. Rural Communities consume bulk of the electricity bought from Eskom and have been paying their electricity bill diligently until deciding to venture into alternative energy resources. The municipality was thus unable to collect the revenue from those customers as they have not bought as much electricity from the municipality. The municipality applied for a 18% tarriff increase but only 11% was approved by NERSA. The municipality currently owes Eskom a current amount of R14m and an arrears amount of R138m totaling R152m. The total Bulk purchase account and what was paid needs to be reconciled to the budget to determine an adjustment to bulk purchase is necessary.

4.1.2 Municipal Cost containment measures

National Treasury circular 97 of July 2019 requires municipality to report in the annual report and the quarterly report on cost containment measures implemented during the year. The Municipal Cost Containment Regulation (MCCR) were also published 17 July 2019.

Although the operational expenditure is only 21%, there is unfortunately no savings at the end of the second quarter.

4.2 Capital Budget Performance (Table C5)

As mentioned under the Mayor's report the total capital expenditure at 31 December 2024 was at R8.4million which is 16% of the capital budget. The MDRG expenditure incurred is R16m at the end of December 2024. The Technical Services departments must however make sure that projects are according to plan so that no unspent funds are carried over to the next financial year.

4.3 Analysis of the Municipality's Cash Flow Statement (Table C7)

As mentioned under the Mayor's report the total cash available for this Municipality at 31 December 2024 was R72 million. It is therefore of upmost importance that savings should be identified.

The pay rate of the consumables should also be monitored to increase from the current 79% to 90%

This supporting table SC9 gives a detailed breakdown of information summarised in Table C7.

4.4 Evaluation of Conditional Grant Expenditure

The municipality is the recipient of various conditional grants that are allocated in the Division of Revenue Act (DoRA) with the relevant amounts and conditions attached. Below is a brief summary of performance at mid-year.

4.4.1. Municipal Infrastructure Grant (MIG)

MIG is earmarked for the provision of Bulk and Social Infrastructure to communities. A total of R15 999 000 million has been allocated to the municipality for MIG for the 2024/2025 financial year. A total amount of R9 600 000 was transferred by 31 December 2024. The municipality spent a total of R7 million which is 43% of the total MIG allocation.

4.4.2. Financial Management Frant (FMG)

The FMG Is intended to build and strengthen the financial expertise and capacity within Local Government and the municipality is fully committed to the conditions of this grant. The municipality has five (5) interns employed. Other programmes are the employment of two accountants and CPMD training. There is one accountant and the appointment of service provider for the CPMD is in progress. The balance of this grant will be spent on the ongoing implementation of Mscoa (Municipal Charts of Accounts). As at 31 Decemebr 2024, 62% of the 2.4 million allocated has been spent. The full FMG grant should be spent at the end of this financial year.

4.4.3. Expended Public Works Programme Intergrated Grants (EPWP)

The EPWP is an incentive grant received for the municipality's efforts ijn creating jobs. An amount of R1 280 000 was allocated and to date an amount of R896 000 was transferred. An amount of R979 509 has already been claimed as expenditure on labour costs for projects.

4.4.4. Water Services Infrastructure Grant

The municipality received an allocation of R14m for 2024/2025. At the end of December 2024 11m was transferred and an amount of R1.6m was spent.

4.5. Summary of any financial problems or risk facing the municipality

The municipality is on track with operating expenses but because of the risk of cashflow shortage savings should be identified. The Capital Expenditure is also below 50% spending and the Technical department must monitor projects to ensure that no roll overs will be needed for 2024/2025.

It must be highlighted that the revenue collection has been below the set target and has resulted in a possibility of not collecting the budgeted service charges. Collection rate at 31 December 2024 was at 79.69% for service charges and only 7.93% for property rates.

Furthermore, the SAMWU provident fund arrear contribution could have a huge effect on the Municipality ongoing status as the court decision on this is still not final and the possibility does exist that the Municipality may pay an amount of R30m interest included.

It is recommended that an adjustment budget be compiled and tabled to Council to address the possible over and under spending as well as some adjustment to revenue.
