DRAFT MTREF BUDGET

FY 2019/2020

TABLED TO COUNCIL ON
28 MARCH 2019

(in terms of Section 16(2) of the Municipal Finance Management Act (MFMA) 56 of 2003)

A municipal budget is the projected financial operating plan. In general, a budget accounts for expected revenues and allocates resources to particular expenditures. Generally, a municipal budget contains two broad types of categories: expected revenues and estimated expenditures for the upcoming fiscal year.

DRAFT ANNUAL

BUDGET

1. Mayor's Speech

Honourable Councillors, Acting Municipal Manager, Directors and staff, I have the privilege as the Mayor of the Blue Crane Route municipality to table the 2019/20 Draft Budget and IDP as provided in terms of Section 16(2) of the Municipal Finance Management Act (MFMA) 56 of 2003. The Section provides that "*...the mayor of the municipality must table the annual budget at a council meeting at least 90 days before the start of the budget year.*"

I table this budget under strenuous economic circumstances which impact heavily on poorest communities. The current economic slowdown will continue to exert pressure on the municipality revenue generation and collection levels hence our decision to adopt a conservative approach in projecting revenue. Our budget is therefore informed by deep consideration of the economic, financial and social factors affecting the broader community of the BCRM.

High unemployment remains a critical challenge for the BCRM. Nationally unemployment rate sits at 27%. One in every two South Africans is poor. One in every three lives in extreme poverty which includes going to bed without food. Stats SA 2011 reflects that the poverty levels in the BCRM are high with 46.45% of the population not receiving any income. About 65.7% of the potential labour force are not working. This situation implies high dependency on social grants. Councillors this means many households cannot afford to pay for services.

We are concerned with the trend of shrinking government income against the growing indigent population. The fact that national government is reducing its financial obligations to municipalities while poverty escalates, is a serious challenge we must contend with. What this means is that as the country's fiscus continues to deplete, we are compelled to be depend on our own financial resources.

The present economic circumstances make it essential that we reprioritize expenditure and implement stringent cost containment measures. We need to balance between limited revenue resources available, the immense needs of our communities and our constitutional obligation, that of providing basic services to our communities.

On the political front, we appreciate the developments taking place in our country. These have not gone unnoticed. The general elections are going to take place on 8 May 2019, we plead to all residents to exercise their democratic rights of vote.

Coming back to the budget, in my address I said that many households in the BCRM cannot afford to pay for services. We should therefore heed the call by National Treasury that municipalities should maintain tariff increase at levels that reflect an appropriate balance between the affordability to poorer household and other customers while ensuring the financial sustainability of the municipality. It is for this reason that we propose the following structure percentage increase:

- 10% increase for Rates
- 6% increase for Water, Refuse, Sanitation and Sundry

- 9.41% increase for electricity, depending on NERSA approval.

We have also made a provisional 6% increase for salaries. Currently the draft budget only includes vacancies for the Director: Technical services and 1 x Electrician and financed from the FMG, 2 x Accountants.

I must mention Councillors that our capital budget relies heavily on grants. A total R27,6 million from grant funding has been budgeted. Against this background, we do not have any room for underspending and roll overs. This is something we can ill afford.

As I table this budget, let me take this opportunity to thank ratepayers who religiously pay for services. I make yet another clarion call to them to continue doing so, so that we can sustain the quality of services we provide.

I also encourage all our people who cannot afford to pay for services to register in our indigent programme.

Councillors, I present to you the Draft budget and IDP for 2019/20. In terms of Chapter 4 of the Municipal Systems Act 32 of 2000 read with Section 22 of the MFMA we will present this Draft budget to the broader BCRM community in the coming month.

I thank you

The image shows a handwritten signature "B.A. Manxoweni" written over a printed nameplate. The nameplate reads "B.A. MANXOWENI" and "MAYOR/SPEAKER". There is also a small handwritten mark or signature "ws" to the right of the main name.

INEP (Capital)	<u>R 410,000</u>
	<u>R 87,983,000</u>

- 2) Currently the draft budget only includes vacancies for the Director: Technical Services and 1 x Electrician and financed from the FMG, 2 x Accountants.
- 3) A provisional increase in salaries of 6.5% is included in the budget as per Agreement between SALGA and the Unions. At this stage the CPI is at 4.7% but the minimum percentage agreed was at 5% plus a 1.5%.
- 4) Tariff structure percentage increases, that was utilised when the budget was compiled:
- **RATES:-** 10% average but the new valuation roll will allow for different percentage increases as per different increases on the valuations
The tariff to be determined will be finalised during April 2019 by Council (Cent-in-a-Rand)
 - **WATER; REFUSE, SEWER/SANITATION and SUNDRY:-** 6%
 - **ELECTRICITY:** - 9.41% depending on NERSA's approval
The electricity pre-paid basic charges as approved by NERSA in June 2018 and noted by Council in June 2018.
 - The Draft 2019/2020 Tariff List / Book is a separate document accompanying the budget
- 5) The provision for debt impairment was increased with R528,000 - this is to be more in line with the pay rate and to have a cash back budget
- 6) The Eskom bulk purchases increase with 9.41% as approved by NERSA

- 7) Provision is also made in the cash flow budget to settle the ABSA external loan and repay the Standard Bank capital portion. This will be a total amount of R3,8 million.
- 8) No Provision is made for a contribution to the Local Tourism Office.
- 9) The draft budget surplus of R614 220 will be utilised to fund the capital expenditure from own revenue.
- 10) The totals as per draft budget is as follows:

Total operational expenditure:	R276,038,450
Total capital expenditure:	R 27,674,000
Total revenue:	R258,084,720

- 11) The capital expenditure will be funded as follows:

WSIG	R 13,000,000
MIG	R 13,604,000
INEP	R 410,000
Own Funding	R 610,000
FMG	<u>R 50,000</u>
Total	<u>R 27,674,000</u>

The draft budget was tabled in terms of Section 16 of the MFMA to Council and public participation will commence thereafter.

Given the current negative national economic challenges, the municipality needs to work together to work smarter with less resources. Our Equitable Share's year on year growth is not in line with normal inflation rates; our indigent households is now more than half of the total households within the municipal area; and the debtor payment rate in March 2019 is less 84.58% than the norm of 95%. These are all national economic challenges that have a direct negative impact on local government's financial wellbeing.

In the current circumstances, we should work smarter; by enhancing our own revenue and cut out all unnecessary expenditure. Staff increase benefits should be looked at going forward, and if it will be affordable to include in future budgets. Exemptions to increase will be on the table for discussion. We should work smarter with the current resources, such as using current staff to perform functions what needed to be down.

6. Overview of Budget Process, Budget Assumptions and the Alignment of Annual Budget with the IDP

Section 21 and 24 of the MFMA requires that the Budget and IDP Process Plan be adopted by Council by the end of August, the draft Budget and IDP to be tabled before Council during March and the final Budget and IDP to be adopted by Council in May each year. The 2019/2020 Budget/IDP/PMS Process Plan were adopted by Council on 29 August 2018. The 2019/2020 draft MTREF Budget, 2019/2020 draft IDP was tabled to Council on 28 March 2019.

Blue Crane Route Municipality's focus areas on the 2019/2020 IDP, Budget, SDBIP and PMS was the:

- Alignment with national and provincial policies and district municipality;
- National and provincial government planning and budgeting;
- Financial Sustainability and revenue enhancement; and
- Refinement of objectives, strategies and projects addressing cross dimensional and sector specific issues.

Blue Crane Route Municipality took the undermentioned twelve (12) outcomes into consideration on the developing of the 2019/2020 Draft IDP, and 2019/2020 Draft MTREF Budget:

1) Improve the quality of basic education	2) Improve health and life expectancy
3) All people in South Africa protected and feel safe	4) Decent employment through inclusive economic growth
5) A skilled and capable workforce to support inclusive growth	6) An efficient, competitive and responsive economic infrastructure network
7) Vibrant, equitable and sustainable rural communities and food security	8) Sustainable human settlements and improved quality of household life
9) A response and, accountable, effective and efficient local government system	10) Protection and enhancement of environmental assets and natural resources
11) A better South Africa and safer Africa and world	12) A development-orientated public service and inclusive citizenship

Table SA4 reflects the reconciliation of IDP strategic objectives and budget (revenue), Table SA5 reflects the reconciliation of IDP strategic objectives and budget (operating expenditure) and Table SA6 reflects the reconciliation of IDP strategic objectives and budget (capital expenditure).

8. Measurable Performance Objectives and Indicators

The MFMA Circular stipulated that municipalities must take the following macro-economic forecasts into consideration when preparing their 2019/20 budgets and MTREF.

Extract from MFMA Circular 93 dated 07 December 2018 as follows:

Table 1.1 Macroeconomic projections, 2017 – 2021

Note: the fiscal year referred to is the national fiscal year (April to March) which is more closely aligned to the municipal fiscal year (July to June) than the calendar year inflation.

The above figures can however change very fast due to external factors as recently experienced.

The municipality has kept the contents of MFMA Circulars under revising rates, tariffs and other charges in mind when the 2019/2020 tariffs was determined as well as the affordability thereof within the community, and NERSA's guideline received.

General Inflation Outlook and its Impact on the Municipal Activities

General inflation (CPI) is estimated 5.2% for the 2019/2020 financial year. This of course lends to expectations that municipal tariffs should increase by more or less the same percentage, which is set at 6%.

Interest Rates for Borrowing and Investments of Funds

The following assumptions are built into the MTREF:

Average Interest Rate - New Borrowing	11 %	12%	13%
Average Interest Rate - Investments	7%	6.5%	6.5%

Rates, Tariffs Charges and Timing for Revenue Collection

The Blue Crane Route Municipality bill the consumers on a monthly basis for services rendered as per norms and standards of revenue management.

The following table shows the assumed average percentage increases built into the MTREF for rates, tariffs and charges:

Description	MTREF Budget 2019/2020	MTREF Budget 2020/2021	MTREF Budget 2021/2022
Rates	10%	10%	10%
Water	6%	6%	6%
Sewerage	6%	6%	6%
Sanitation	6%	6%	6%
Refuse	6%	6%	6%
Electricity - monthly consumption tariff	9.41%	9.41%	9.41%

Source: 2019/2020 MTREF Budget & MFMA Circulars

In general terms, the timing rates, tariffs and charges are based on the following:

Description	Comments
Rates and annual charges	Annual and monthly billing July. Interim billing throughout the year as required. Revenue foregone recognized in July
Cons Consumption	Monthly billing. Ongoing prepayment meters. Seasonal fluctuations
Char Service Charges	Generally steady state throughout the financial year with seasonal fluctuations

The Tariff increases for the 2019/2020 budget were structured as follows:

- Rates – 10% average but the new valuation roll will allow for different percentage increases on the valuations. The tariff to be determined will be finalized during April 2019 by Council (Cent-in-a-Rand);
- Water; Refuse, Sewer/Sanitation and Sundry – 6%; and
- Electricity – 9.41% depending on NERSA's approval. The electricity pre-paid basic charges as approved by NERSA in June 2018 and noted by Council in June 2018.

The municipality considered the costs associated with service delivery and kept in mind affordability and inflation with the setting of revenue raising measures. The municipality also realised that approving tariffs that are far below levels representing cost of providing the services would negatively impact on the financial sustainability. The following was also considered with the compiling of the 2019/2020 MTREF Budget:

- improving the effectiveness of revenue management processes and procedures; and
- pay special attention to cost containment measures.

Collection Rates for each Revenue Source and Customer Type

Furthermore, its policy on indigent support and social rebates means that many households who would normally struggle to pay their accounts receive free or subsidised basic services thereby keeping them free of the burden of municipal debt.

Nevertheless, there will always be an element of the total amount billed that will remain uncollected. The municipality is the same as any other business in this regard. Adequate provision has to be made in the budget for any bad debts based on assumptions on collection rates. The bad debt contribution also increases sustainability against prior budgets due to the re-incorporation of the water and sanitation functions.

The ability of the municipality to deliver quality services is dependent on its staff and the ability to provide services to the Blue Crane Route population at a viable level. Failure by the municipality to invest in its staff to ensure that the capacity and skills exist to meet the challenges being faced by Blue Crane Route will ultimately mean a failure to deliver services.

The average collection rate for all municipal debtor's accounts are currently 84.58%.

Trends in Population and Households (Growth, Decline, Stable)

When the 2011 census were held by South African Statistics it was counted that the total population within the Blue Crane Route Municipal (BCRM) area (11, 068.56km²) are 36, 002. Within the Sarah Baartman District Municipal (SBDM) area the BCRM accounts for 8% of the

SBDM and 0.5% of the Eastern Province population. Geographically BCRM makes up 19% of the SBDM landmass with a population density of 3.25 people per km².

There is a total of 8,558 households within the BCRM area.

Changing Demand Characteristics (Demand for Services)

Blue Crane Route has to respond to changing demand for services that can occur through a number of reasons such as population migration, changing demographic profile, technologic changes, and major infrastructure development.

The introduction of wireless technology in Blue Crane Route has made the internet available to many more people making on-line interaction with the municipality possible, including the payment of municipal accounts. The selling of prepaid electricity by all outside vendors assisted consumers to purchase prepaid electricity after hours and over weekends by means of the Service Provider, Ontec's Third Party Vendor System.

The growth of formal housing in prior years has impacted on the demand for services and challenges the municipality in how service is delivered.

Trends in Demand for Free (Subsidized) Basic Services

Blue Crane Route's criteria for supporting free or subsidised basic services are set out in the Indigent Support Policy. The Government allocates revenue via the Division of Revenue Act (DoRA) in the form of the Equitable Share Grant with the primary aim of assisting municipalities with the costs of providing free or subsidised basic services.

Indigent Steering Committee

The Indigent Steering Committee (ISC) was established in 2012, and the ISC has convened its meetings on a quarterly basis and an updated Indigent Register on a monthly basis.

The Indigent Committee must monitor, in conjunction with ward councillors, ward committees and other persons or organisations it may appoint, the implementation of the indigent support programme, subject to the policy directions of the municipality and in consultation with the municipal manager.

Indigent Register and Free Basic Services Expenditure / Budget

There are currently 3,975 indigent households out of 8,558 households. This is a 46.45% of households benefitting from the Indigent Policy assistance.

Free Basic Services Unit

The municipality has a Free Basic Services Unit that focuses on Indigent support; credit control and debt management; as well as Debtors Control. This shared function is largely attributable to the small size of the municipality and the amount of work required maintaining the Free Basic Services function. We however have staff in place that exercise the various functions of free basic services as part of their daily tasks and this is executed by various levels of staff to ensure segregation of duties. We have Credit Control & Free Basic Services Co-ordinators that assist in filling and collecting the Indigent application forms together with the Debtors Clerks and the Ward Councillors perform the checking and verification; and the Accountant: Revenue that assesses the applications for approval or non-approval.

Blue Crane Route's criteria for supporting free or subsidised basic services are set out in the Indigent Support Policy.

To assist our communities to alleviate poverty, inequality and unemployment the following social packages are included in the budget for indigent households:

A TOTAL MONTHLY INCOME PER HOUSEHOLD OF:

- **R0 – R1,780** 50kWh Free Electricity, 6Kl Free Water, and 100% Free Basic Charges Fee for Electricity, Water, Sewer/Sanitation and Refuse

- **R1,781 - R4,060** 50kWh Free Electricity, 6Kl Free Water, and 50% Free Basic Charges Fee for Electricity, Water, Sewer/Sanitation and Refuse

9. Overview of Budget Funding including Funding Compliance

The MFMA (sections 18 and 19) stipulate, an annual budget may only be funded from:

- realistically anticipated revenues to be collected;
- cash-backed accumulated funds from previous years' surpluses not committed for other purposes; and
- borrowed funds, but only for the capital budget referred to in section 17(2).

Revenue projections must be realistic taking into account:

- projected revenue for the current year based on collection levels to date; and
- actual revenue collected in previous financial years.

A municipality may spend money on a capital project only if the sources of funding have been considered, are available and have not been committed for other purposes.

Achievement of this requirement in totality effectively means that a Council has "balanced" its budget by ensuring that budgeted outflows will be offset by a combination of planned inflows.

The municipality's financial position is sound and this budget further ensures that it stays sound.

10. Financial Principles and Policies

IMPACT OF NATIONAL, PROVINCIAL AND LOCAL POLICIES

Blue Crane Route sees itself as working in partnership with national, provincial and district municipality spheres of Government in meeting the priority services needs of the people.

The Blue Crane Route Municipality have implemented the prescribed statutory financial related policies and they will be reviewed before end May 2019. The Financial Policies, By-Laws and Procedure Manuals of the Blue Crane Route Municipality are to provide sound, secure and fraud free management of financial services.

The detailed adopted budget related Policies, By-Laws and Procedure Manuals are not included in this budget documentation. However, they are available at the Council offices for viewing, as well as on the website.

The following policy instruments direct strategic objectives and business operations with the view to achieve sustainable economic, social and environmental performance.

All relevant policies are promulgated into By-laws and Gazetted accordingly. The Property Rates tariffs and Council Resolution authorising the levying of rates have also been Gazetted for the 2018/19 financial year.

REVENUE ENHANCEMENT

The municipality is in the process of developing of the Cash-flow Turn-around Plan. Targets have been set to improve the municipality's own revenue base on liquidity ratio of the budget and the plan is included in the IDP, Budget and SDBIP.

Conditional Grant Transfers

The municipality kept the annual budget in line with the allocations made in the DoRA as required by the MBRR and reflects in the supporting tables SA18 and SA19.

Municipalities must comply with the reporting requirements of National Treasury to avoid withholding or stopping of an allocation

Implications for Municipal Infrastructure Grant (MIG) Allocations

The MIG allocations is allocated through a formula based on infrastructure backlogs.

Implications for other Conditional Grant Allocations

Allocations of other conditional grants are made to municipalities by the responsible national departments, often on a project basis. Allocations for conditional grants are only made for one year and the amounts published for the outer years in the schedules of the Division of Revenue Act are published for indicative purposes only and are not guaranteed.

12. Operating and Capital Budget

Salary Budget of the Municipality

National Treasury guidelines require municipalities to contain their staff expenditure under 35% of their Operational Budget. Blue Crane Route Municipality has achieved this target throughout the years, but it must be noted that there are critical vacancies that have never been budgeted for and it exposes and / or restricts progress of the municipality in certain aspects. Below is a table indicating past trends and future projections of the Salary Bill percentage:

Description	Actual 2015/2016	Actual 2016/2017	Estimated Budget 2017/2018	Estimated Budget 2018/2019	Estimated Budget 2019/2020	Estimated Budget 2020/2021

13. Service Delivery and Budget Implementation Plans (SDBIP)

The SDBIP gives effect to the Integrated Development Plan (IDP) and budget of the municipality and are fully aligned with the draft IDP and draft budget as required by the MFMA.

The draft 2018/2019 SDBIP, as well as the draft 2018/2019 IDP is separate documents that accompany the draft 2018/2019 MTREF Budget document.

14. Legislation Compliance Status

Each year, National Treasury issues MFMA circulars to municipalities advising them of the budget parameters within which municipalities should work when preparing their budgets, together with other MFMA circulars and the Budget and Reporting Regulations.

The Blue Crane Route Municipality's (BCRM) Medium Term Revenue and Expenditure Framework (MTREF) materially comply with the latest budget regulations as well as the requirements of the National Treasury (MFMA Circulars 48, 51, 54, 55, 58, 59, 64, 66, 67, 70, 71, 72, 74, 75, 78, 79, 80, 82, 85, 86, 87, 88, 89, 90, 91, 93 and 94). This plan has been prepared taking in consideration the priorities and direction established by municipality during the 2019/2020 budget deliberations.

The BCRM are therefore fully compliant with the legislation applicable to municipalities, as the MFMA and the contents of all the relevant MFMA Circulars, etc. where noted and considered when the budget was compiled.

15. Municipal Standard Chart of Accounts (mSCOA)

The implementation of mSCOA is considered a business reform and it required a significant change in municipal business processes as from 1 July 2017.

The municipality has taken note of the contents of all the mSCOA Circulars and the staff is undergoing the necessary training and the mSCOA was implemented as from 1 July 2017 per the due date as prescribed by National Treasury. The municipality aligned its business process to the Municipal Standard Chart of Accounts (mSCOA) format which is legislatively regulated. The following documents adopted by the municipality that forms part of the mSCOA process are available on the municipal website:

- BCRM mSCOA Implementation Team Terms of Reference
- BCRM mSCOA Project Code of Ethics
- BCRM mSCOA IT Functions Questionnaire / Assessment

The BCRM mSCOA latest Progress report as at March 2019, will accompany the draft 2019/2020 budget document.

16. Service Standards Schedule

Services standards indicate to what standard a particular service is delivered. Thus, service standards can measure or evaluate the performance of local governments in terms of service delivery. Service standards are developed and measured against:

- Quantity; Quality; Time/Timeliness; Value for money; Access; Equity and Flexibility

A good starting point for communicating with citizens is to identify what they want and need to know, and then decide how to respond.

The Blue Crane Route Municipality always try to ensure that it executes and refines its strategies of enhancing engagement and improving dialogue with its customers. We hold the firm belief that the municipality will incessantly strengthen its partnership and relations with its customers in its quest to fast-track service delivery.

The Draft 2019/2020 Service Level Standards of the municipality is a separate document that accompanies the 2019/2020 draft MTREF budget document.
